

Friends of Ysgol Plas Brondyffryn

Developing an outdoor Learning area

Ysgol Plas Brondyffryn is a centre of excellence for children and young adults with autism. 'Friends' are the parents, grandparents, staff and others who get together to help improve the lives of pupils and their families. We are aiming to create an outdoor learning area to benefit children from all sites and eventually would like it to benefit the wider community.

In 2019 'wild crew' sessions started with a small group of pupils using some outdoor space at our Ty'r Ysgol site who benefitted from the chance to spend time outside and learning with nature. We would love to make more of the site, funds raised will help us to purchase additional equipment and resources to further develop and make use of the site as an outdoor learning area.

Thank you for your support.
Friends of Ysgol Plas Brondyffryn.
